## 2009-2010 Annual Giving Campaign

“Donors don’t give to institutions. They invest in ideas and people in whom they believe.”

~ G.T. Smith

Dear Monterey Bay Charter School Community:

The Annual Giving Campaign is the cornerstone of fundraising for the Monterey Bay Charter School. Every family is asked to participate in this annual drive. Annual Giving contributions fund our many special programs as well as ensuring that MBCS continues to enjoy a viable financial picture despite growing challenges. Every member of our community is a part of MBCS’ financial present and future. Our goal this year with the Annual Giving Campaign is to raise \$65,000 with 100% participation from all of the families whose children attend MBCS.

Twenty-five years ago a small group of parents came together to found the first Waldorf initiative on the Monterey Peninsula. The perseverance of parents and committed educators allowed the Waldorf Option to continue. Since that time the initiative has become the MBCS, which is today a fully accredited and chartered public school serving a diverse community of learners from around Monterey County. Our school uniquely melds Waldorf methods with public requirements to produce a superior, rich, arts-filled education for each and every child. This is something to be proud of. This is an accomplishment worth supporting!

The Monterey Bay Charter School, including our talented faculty and administrative staff, deeply appreciates each and every gift which allows the school and your child to thrive. Every gift we receive is significant. We know the gift you give is significant to you! Together we make Monterey Bay Charter School an amazing place to educate our children.

Please take a moment to fill out the enclosed Annual Giving form and turn it in today!

Sincerely,

Laura Robel  
Fund Development Committee Chair

AnnMarie Shenfield  
Annual Giving Campaign Coordinator
